Trust Indicators

Airline Pilot & FAA Instructor-Led

Interactive Learning Experience

Business-Focused Training

Built for Drone Entrepreneurs

Section 2: The Problem + Solution

Header

Most Drone Pilots Never Turn Their Certification Into a Business.

The Problem

- ✗ Don't know how to pass the FAA Part 107 exam
- ✗ Get certified but have no idea how to find clients
- ✗ Purchase equipment without a business strategy
- ✗ Want to start a business but don't know where to begin

The Solution

Vertiqo Group helps you:

- ✓ Earn your FAA certification
- ✓ Build a business foundation
- ✓ Launch in a profitable drone niche

Section 5: Why Vertiqo Is Different

Header

More Than a Test Prep Course

Most Drone Courses	Vertiqo Group
Focus only on passing a test	Certification + Business Education
Video lessons only	Interactive learning experiences
Generic information	Niche-specific business guides
No business systems	Templates and founder frameworks
Hobby-focused	Entrepreneur-focused

Closing Statement

**Most programs teach you how to become a certified drone pilot.
Vertiqo teaches you how to become a certified drone entrepreneur.**

Section 6: Why Start a Drone Business?

Header

Turn Your Interest in Drones Into a Business Opportunity

Card 1

Additional Income

Create a side business or build a full-time career with professional drone services.

Card 2

Flexible Lifestyle

Build a business around your schedule and scale at your own pace.

Card 3

A Rapidly Growing Industry

Commercial drone adoption continues to expand across construction, infrastructure, agriculture, energy, public safety, and logistics.

Thousands of businesses already use drones to improve efficiency, reduce costs, and collect better data.

Card 4

Multiple Revenue Opportunities

Choose from specialized services such as:

- Construction Progress Monitoring
- Industrial Inspections
- Mapping & 3D Modeling
- Agriculture
- Real Estate
- Utilities & Energy
- Public Safety
- Environmental Services
- Drone Delivery

Transition Statement

The opportunity is growing. The challenge is knowing where to start.

Vertiqo provides the roadmap:

Earn your FAA Part 107 Certification

Build your business foundation

Launch in a specialized drone niche
